Declaration

Perfluoroalkylated substances (PFAS) are chemically synthesized perfluorinated carbon chains, they are high chemical and thermal stability and high surface activity.

TigerPress does not intentionally use Perfluoroalkylated substances (PFAS) in its printing production and it does not order raw materials which are known to contain PFAS.

Sincerely,

A handwritten signature in black ink that reads "Reza Shafii". The signature is written in a cursive style with a long, sweeping underline.

Reza Shafii, President
